2020 READING CHALLENGE

Enjoy your reading adventure!

The Scottdale Library Reading Challenge is a **year-long** opportunity to branch out from your regular reading favorites and explore new topics, formats, authors, and genres while having fun!

We have selected 24 book “categories”.

We challenge you to read one book from each category throughout the year.

That’s only two books a month! Will you accept our challenge?

Don't worry- this is not a competition or a test; however, those involved will be given opportunities to earn prizes and will be invited to a celebration party next January!

Sign up online or stop by the library to register and to pick up your copy of the Challenge!

Join our facebook group! After you sign up for the challenge, join our facebook group to talk about the books you've read and any fun book discoveries you have made!

“You can never get a cup of tea large enough or a book long enough to suit me.”
C.S. Lewis
